

# **EXCEL ACADEMICS**

## **Turning Little Minds Into Bright Stars**

### **Building Strong Foundations for Lifelong Learning**

At Excel Academics, we believe that every child has the potential to excel when nurtured with the right guidance, encouragement, and learning environment.

Excel Academics is a specialized learning centre dedicated to developing strong academic foundations and essential life skills in children. Through structured programs, personalized attention, and engaging teaching methods, we help students build confidence, improve concentration, and develop a genuine love for learning.

Whether your child is taking their first steps in reading, improving handwriting, mastering mental maths, or preparing for competitive examinations, we provide the tools and support needed for success.

### **Why Choose Excel Academics?**

- ✓ Small Batch Sizes for Individual Attention
- ✓ Online & Offline Learning Options
- ✓ Activity-Based and Interactive Teaching
- ✓ Structured Curriculum & Regular Assessments
- ✓ Focus on Confidence Building
- ✓ Child-Centric Learning Approach
- ✓ Experienced & Dedicated Educator
- ✓ Strong Foundation for Academic Success

### About Excel Academics

Excel Academics was established with a simple yet powerful vision:

**"To help every child become a confident and independent learner."**

What began as a small teaching initiative driven by a passion for education has grown into a trusted learning centre offering specialized programs in:

Abacus

Vedic Maths

Phonics

Handwriting Improvement

Table Mastery

Maths Olympiad Preparation

Behind this journey is the dedication and commitment of Priyanka Devle, supported by the constant encouragement, guidance, and unwavering belief of Santosh Devle. His motivation and support have played an important role in transforming a small dream into a growing educational platform that continues to impact young learners positively.

At Excel Academics, we believe that every child learns differently. Our teaching approach focuses on understanding individual learning needs, nurturing confidence, and helping students progress at their

own pace. We strive to create a positive and encouraging learning environment where children feel motivated to explore, learn, and achieve their full potential.

Today, Excel Academics continues its mission of building strong academic foundations while developing essential life skills, helping children become confident learners and responsible individuals prepared for future success.

We believe:

- ✓ Every child learns differently.
- ✓ Strong fundamentals create lifelong success.
- ✓ Learning should be engaging and stress-free.
- ✓ Confidence develops through consistent practice.
- ✓ Every child deserves personal attention and encouragement.

## **Abacus & Vedic Maths**

### **Smart Learning for Faster Thinking**

Our Abacus and Vedic Maths programs are designed to strengthen mathematical skills while simultaneously improving concentration, memory, visualization, and logical reasoning.

These programs help students develop speed, accuracy, and confidence in calculations, making Mathematics more enjoyable and less intimidating.
